His teams play very well and is able to make the most of your players individually and collectively. It has passion and that that gives strength, so it has a great future ahead!!!"

**Pablo Prigioni, NBA former player. Minnesota Timberwolves assistant coach**

"Iurgi Caminos is a talented young coach, who knows how to get the best out of his players. He is technically sound on and off the court, prepared for every situation. Most importantly he wants to win and knows how to do it while maintaining the integrity of the game. His love for the game will allow him to be successful wherever he coaches."

**Tiago Splitter, NBA former player. NBA Champion with San Antonio Spurs. Brooklyn Nets assistant coach**

« I love the way coach Iurgi Caminos breaks the individual skills down as well as challenges each participant to get outside of their comfort level and improve. He puts a lot of energy and passion in every practice what helps to give an extra in any session. »

**Tornike Shengelia, CSKA Moscow and Georgian NT player.**

"I had the privilege to work with Iurgi for a season where I've learnt a good amount of basketball with him even with all the long experience in my basketball career. Young coach with modern mentality of basketball, able to clearly transmit and apply his ideas and concepts to the players. Gets himself on the court actively teaching and participating on drills. That energy gets players level of intensity and focus always sharp. A long and successful career awaits for him that's for sure."
